

Treston Quick Edge Workstation

The Treston Quick Edge Workstation has a new, innovative mechanism for extremely fast height adjustment. This industrial workstation is designed, for example, for packing and logistics centers, where the desk’s height adjustment is done according to the different sizes of boxes. The Treston Quick Edge Workstation adapts for operators of different standing heights and increases both performance and ergonomics.

- The quickest height adjustment on the market - no electricity needed
- Patented solution: Adjust the optimal height effortlessly for every task/produced item
- Extremely wide height adjustment range 22.4"–51.2"
- Multiple accessories available: swivel arms for tool holders and screens, LED lights, shelves with dividers for boxes
- Expand the workstation easily with multi carts, carton carts, and packing material roll stands
- Can be customized for various operating environment
