

Dura Series

Tough, ergonomic, and built for demanding environments, the Dura Series chair delivers long-lasting comfort and reliable performance. With multiple adjustment options and durable, easy-to-clean materials, it’s a smart choice for industrial, lab, and cleanroom settings.

- Heavy-duty polyurethane seat and back resist water, oil, chemicals, and punctures
- Antibacterial, nonslip surface is easy to clean
- Fully adjustable contoured back supports proper spinal alignment
- Waterfall seat edge improves circulation and reduces leg fatigue
- Choice of 2-, 3-, or 4-way control mechanisms for ergonomic flexibility
- Pneumatic height adjustment from 21″ to 31″
- Includes 27″ nylon base with 20″ adjustable chrome footring
- Cleanroom models certified to ISO Class 4 standards
