

Smart Mobile Stations

The Smart Mobile Station (SMS) is a compact, mobile workstation built for on-the-go computing, scanning, printing, or testing. Available in standard and premium models, it supports essential tools and devices wherever work needs to happen—plugged in or cordless.

- Two Models: Standard (no battery) and Premium (with rechargeable battery)
- Cordless Power (Premium): Up to 9 hours of 110VAC, 750W power
- Digital Monitoring: Battery usage display and low power alarm (Premium only)
- Ergonomic Handling: Built-in guide handles for smooth mobility
- Stable & Durable: 250 lb load capacity, locking rubber casters
- Flexible Power Access: Up to 10 integrated 110AC outlets
- Efficient Cooling: Ventilated battery enclosure (Premium only)
- Compact Design: 26" W x 28" D, heights of 56.5" or 68.5"
- Made in the USA

Smart Mobile Stations (26)

Code	Product	Width (inches)	Depth (inches)	Height (inches)	Adjustment method	Max load (lbs)	ESD	Color name	Packaging type	Warranty years	Gross weight (lbs)	Frame material
2052001	Smart Mobile Station S1 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	140	Aluminium, epoxy powder coated steel
2052002	Smart Mobile Station S2 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	165	Aluminium, epoxy powder coated steel
2052003	Smart Mobile Station S3 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	185	Aluminium, epoxy powder coated steel
2052004	Smart Mobile Station S4 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	220	Aluminium, epoxy powder coated steel
2052005	Smart Mobile Station S5 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	175	Aluminium, epoxy powder coated steel
2052008	Smart Mobile Station S8 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	265	Aluminium, epoxy powder coated steel
2052009	Smart Mobile Station S9 Pre-Configured Model	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	240	Aluminium, epoxy powder coated steel
2052011	Smart Mobile Station S6 Pre-Configured Model	30	26	49	Allen key adjustable	400	No	Charcoal Grey		10	140	Aluminium, epoxy powder coated steel
2052021	Smart Mobile Station P1 Pre-Configured Model with Battery	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	270	Aluminium, epoxy powder coated steel

Code	Product	Width (inches)	Depth (inches)	Height (inches)	Adjustment method	Max load (lbs)	ESD	Color name	Packaging type	Warranty years	Gross weight (lbs)	Frame material
2052022	Smart Mobile Station P2 Pre-Configured Model with Battery	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	294	Aluminium, epoxy powder coated steel
2052023	Smart Mobile Station P3 Pre-Configured Model with Battery	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	320	Aluminium, epoxy powder coated steel
2052024	Smart Mobile Station P4 Pre-Configured Model with Battery	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	313	Aluminium, epoxy powder coated steel
2052025	Smart Mobile Station P5 Pre-Configured Model with Battery	30	26	69	Allen key adjustable	400	No	Charcoal Grey		10	355	Aluminium, epoxy powder coated steel
