

Integra Series

The Integra Series delivers all-day comfort and long-lasting performance in standard, ESD, cleanroom, and combination environments. With multiple backrest options, thick ergonomic cushioning, and upholstery built for demanding use, Integra is our most versatile seating solution.

- Upholstered for comfort and built for 24/7 reliability
- Thick, high-density foam seat and back for lasting support
- Medium or large contoured backrest with lumbar support
- Protective polypropylene back shell prevents damage to upholstery
- Waterfall seat edge promotes circulation and reduces fatigue
- Available in 2-, 3-, or 4-way ergonomic control options
- Vinyl and fabric options meet key flame retardant and hygiene standards
- Optional ESD and ISO 4–7 cleanroom-certified configurations available
